El Camino Staff Seeks Assistants in English

Qualified adults who are interested in serving as reader assistants to English instructors are being sought by the El Camino College English Department, according to Harry Ruby, dean of the Humanities Division.

The reader assistants will work with instructors in checking student papers for errors in grammar, usage and punctuation.

College-trained housewives and retired teachers are particularly being sought, Ruby indicated. As-

istants will be paid \$3 per hour.

"The reader may work at home but he must pick up and deliver assignments within three days," Ruby said.

APPLICATION deadline is Sept. 20. Interested persons should contact the Humanities office at the college.

Applicants will be screened by a committee composed of English instructor John Grace, Gene Kerstiens and Earl O'Neill and myself," Ruby stated.

Grace will coordinate the reader assistant program during the coming year. Five assistants will be hired for the fall semester and more will be added in 1969 if the program proves satisfactory, Grace indicated.

"THE IDEA of using reader assistants is to increase the amount of writing done in our English 1A classes," Grace said.

"A bachelor's degree is preferred but not essential. Applicants should have academic training from an ac-

credited college or university with a major in English, journalism or a related field," he added.

Additional qualifications for applicants include competence in English composition as shown by satisfactory grades in composition courses taken in college; knowledge of terms used to classify errors in grammar and usage as well as the ability to recognize errors in writing; some kind of experience in writing, proof-reading or related work; and legible handwriting.

Garden Checklist

1. All container-grown shrubs and trees may be set out in August. It is a good month, especially, to plant citrus.
2. Take long stems when cutting roses to renew the bushes. Feed roses if it's been four weeks or more since the last time.
3. Start sowing winter vegetables. Carrots, lettuce, radishes, broccoli, cabbage, and cauliflower are all candidates.
4. Add color to sun decks, patios, and terraces by shopping for container plants in bloom.
5. Protect bedding plants from the hot August sun for a few days after setting them out. Frequent watering will aid in establishing newly-set plants.
